

WEDNESDAY 15 MAY 2002

9th GRADUATE STUDENT COLLOQUIUM DAY AND USUHS AWARDS DINNER

SYMPOSIA & WORKSHOPS

09.30-12.00	<p style="text-align: center;"><i>Symposium I: "Internet as tool in medical care, education and research"</i> (Organizers: Drs. Leon Moore & Mark Adelman)</p> <p style="text-align: center;">09.30-12.00 Lecture Room A Building A</p> <p><i>Speakers:</i> <i>The ADL Vision for Technology-based Instruction</i> Jerry L. West, D.Sc</p> <p><i>Using the World Wide Web to Optimize the Military Health System and Enhance Health Protection of Armed Forces Personnel.</i> Brian Kelly, CAPT, MC, USN</p> <p><i>TITLE: TBA</i> Michael J. Ackerman, Ph.D.</p>	
09.00-12.00	<p style="text-align: center;"><i>Workshop I: "Ethical (Conflict of interest) and practical issues (TechTransfer) in research and medicine"</i> (Organizer: Dr. Ajay Verma)</p> <p style="text-align: center;">09.00-12.00 Room A2054 Building A</p> <p>9:00-9:45 <i>"Conflict of Interest."</i> Wendy Baldwin, Ph.D., (NIH Office of Extramural Research).</p> <p>9:45-10:30 <i>"Technology Commercialization."</i> Alyssa Shepard, Ph.D., (Joint Office of Technology Transfer (JOTT); HMJ, USUHS).</p> <p>10:30-10:45 Break.</p> <p>11:00-11:45 <i>" Intellectual Property: what every scientist should know."</i> Robert Smyth, Ph.D., (attorney at Morgan, Lewis & Bockius LLP).</p>	

	<p style="text-align: center;">Career Development Workshop (POC Josh Murtie) 08.00-12.00 Lecture Room C Building A</p> <p>Coffee and Refreshments (7:30am-8:00am)</p> <p><u>Session 1</u> 8:00am <i>Sharyl Nass</i> – Study Director, Institute of Medicine National Academy of Sciences</p> <p>8:25a <i>Craig Jordan</i> – Chief, Scientific Review Branch Natl. Inst. on Deafness and Other Communication Disorders</p> <p>8:50am A. <i>Tyl Hewitt</i> – Chief, Developmental Biology, Genetics and Teratology Branch, National Institute of Child Health and Human Development</p> <p>Intermission 9:15am</p> <p><u>Session 2</u> 9:25am <i>William Gillette</i> – Senior Scientist, Protein Purification Group Science Applications International Corporation Frederick</p> <p>9:55am <i>Vid Mohan-Ram</i> – Patent Specialist, Foley & Lardner</p> <p>Intermission 10:25am</p> <p>Session 3</p> <p>10:30am <i>Regina Armstrong</i> – Professor, Dept. Anatomy, Physiology, and Genetics Director, Interdisciplinary Program in Neuroscience</p> <p>11:00am <i>Martha Faraday</i> – Assistant Professor, Department of Medical and Clinical Psychology</p>	
12:00- 1:00	<p style="text-align: center;">Lunch Break Graduate Students' Lunch with Bullard Lecturer Small Dining Room, Building B</p>	
1:00- 3:00	<p style="text-align: center;">Graduate Student Oral Presentations Lecture Room E Building C</p>	

1:00-3:00	<p>Katharine Bossart <i>Department of Microbiology and Immunology</i> "Membrane Fusion Tropism and Functional Activities of the Nipah Virus and Hendra Virus Envelope Glycoproteins"</p>
	<p>Thomas Ceremuga <i>Neuroscience Program</i> "Characterization of Cullin-5/VACM-1 mRNA Expression in Response to Altered Fluid Status in the Laboratory Rat"</p>
	<p>Shilpa Hakre <i>Department of Preventative Medicine and Biometrics</i> "Predictors of hospitalization in male Marine Corps recruits with exertional heat illness"</p>
	<p>Matthew LeBaron <i>Department of Pathology</i> "Strategy to identify interaction sites of transcription factor Stat5 within the human genome"</p>
	<p>Joe Nielsen <i>Molecular and Cell Biology Program</i> "Myelin Transcription Factor 1 Function in Developing Oligodendrocytes"</p>
	<p>Alisa Schaefer <i>Neuroscience Program</i> "The role of reelin in radial glial morphology and in neocortical migration"</p>
	<p>John W. Bullard Memorial Lecture Lecture Room E Building C</p>

3:00-4:00	<p>Dr. Marc K. Jenkins University of Minnesota. Title: Tracking the Generation of Memory CD4 T Cells in vivo.</p>	
UNIFORMED SERVICES UNIVERSITY AWARDS BANQUET		
4:00-6:00	<p>Reception (Building B, First Floor Lobby)</p>	
6:00-8:00	<p>Faculty Senate Research Day/Graduate Student Colloquium Awards Banquet Main Dining Room, Building B</p>
